PROFILE SUMMARY

An MBA graduate, I possess a unique blend of business acumen and analytical skills, with hands-on experience in data visualization, predictive modeling, and statistical analysis. Proficient in popular data analysis tools such as MS-Excel, Tableau, Python, Power BI, and SQL, I identify key business drivers and develop actionable insights to drive growth. With excellent problem-solving skills and the ability to collaborate effectively with cross-functional teams, I deliver insightful and data-driven recommendations. Passionate about leveraging data for business innovation, I seek a challenging role to apply my skills and continue learning.

PROFESSIONAL EXPERIENCE

As a fresher in analytics, I have a strong foundation in data analysis and statistical modeling, coupled with experience in tools such as Python, SQL and Excel. I am a quick learner, with excellent problem-solving skills and a passion for delivering insightful and data-driven recommendations. Looking for a challenging role to kick-start my career in analytics.
